

# "STEPS" BIBLE BUCKS

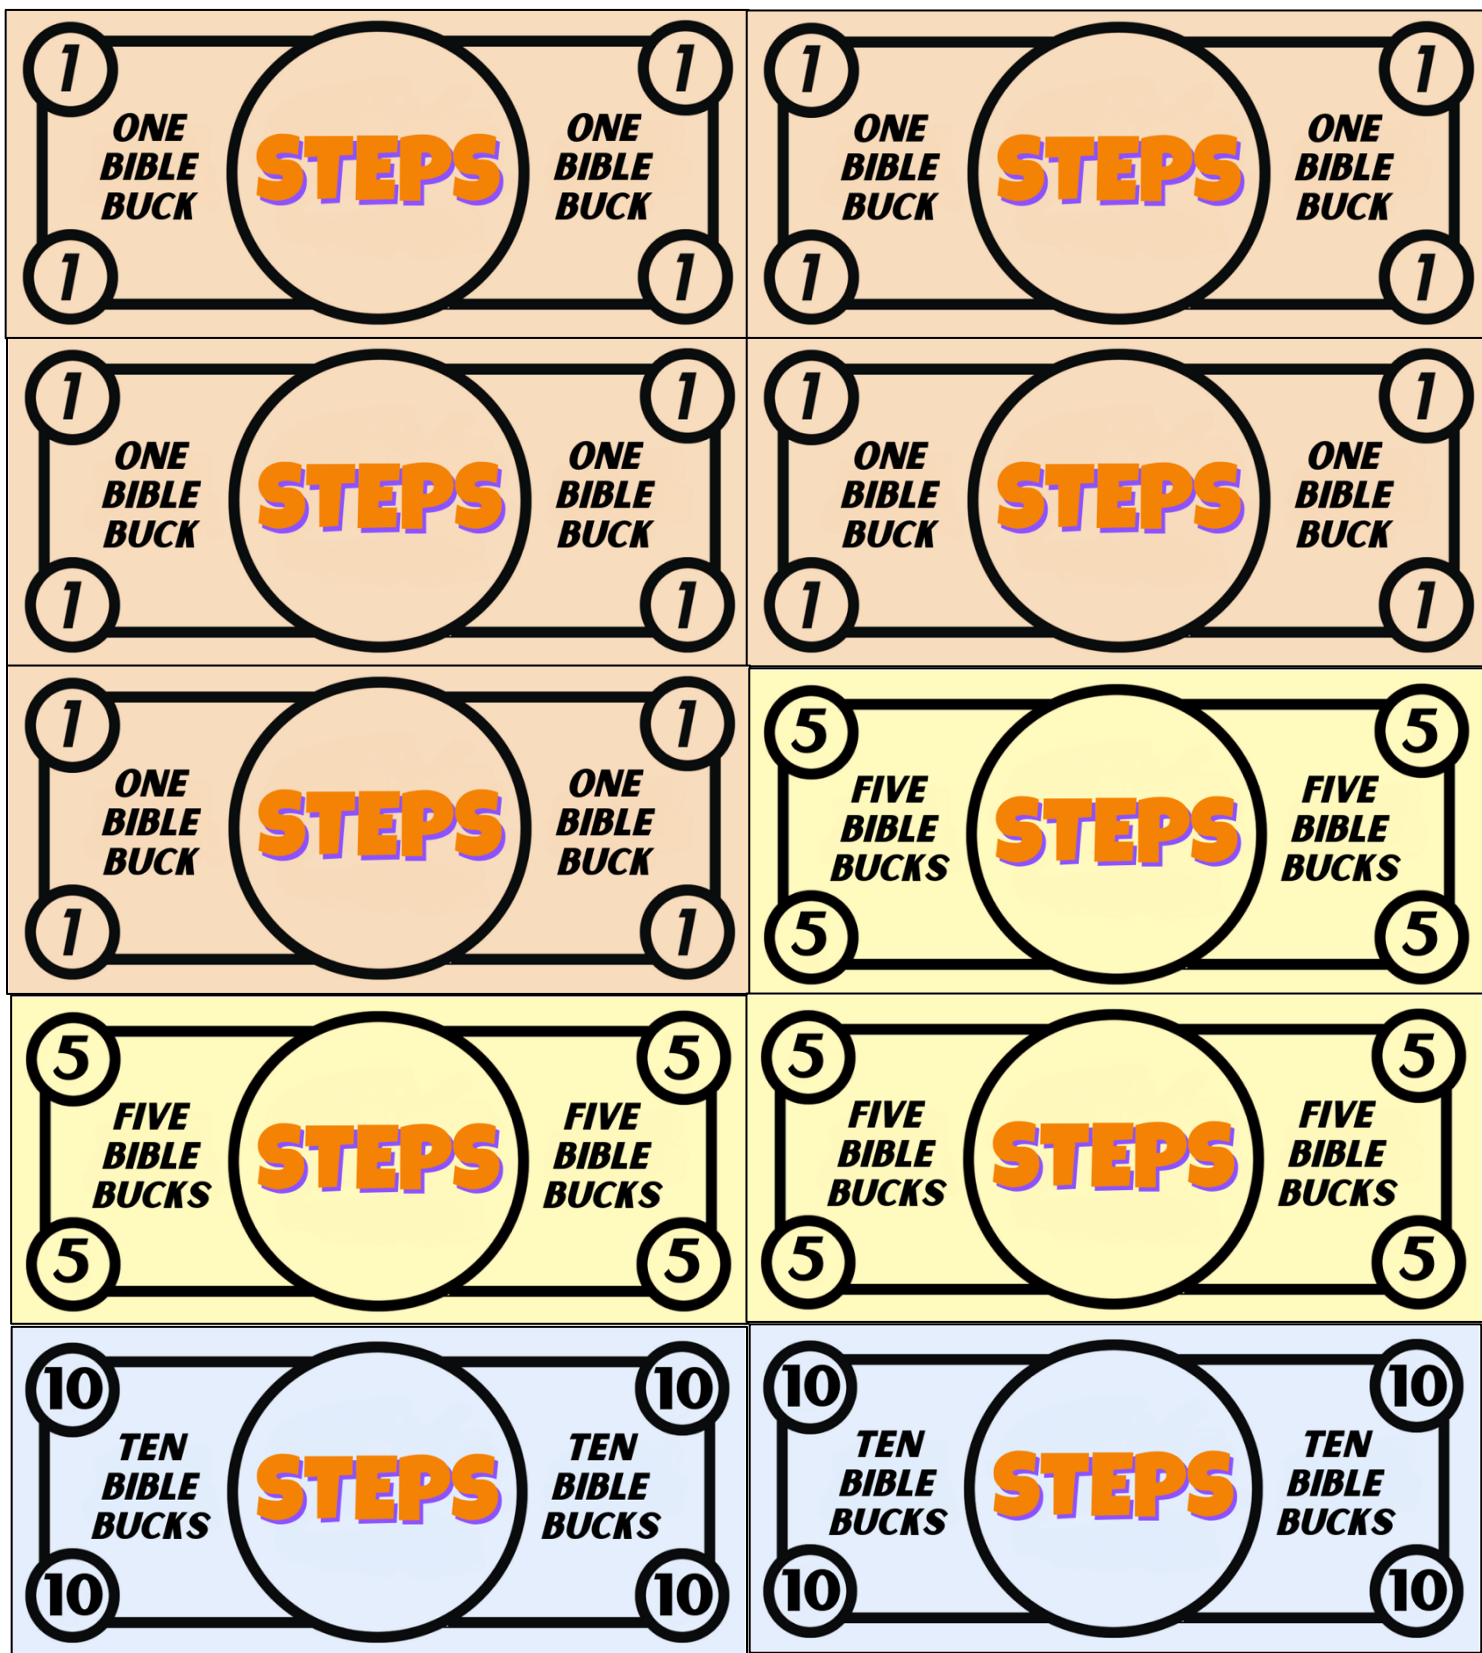

Motivate your kids by rewarding them for their efforts. Use the following record cards or adapt them as desired.

Each week, children can earn points that convert into "STEPS" Bible bucks. You can choose how they spend them – by creating a special STEPS "store," by paying for summer camp or some other cause.

Ask students to fill out their STEPS cards at the beginning of class. Record points on a chart in the classroom so kids can follow their progress. Reward children by offering "STEPS Bucks" (found on the following pages) for points they receive each week.

Fill your store with a variety of items that they would enjoy and appreciate. Be sure to offer items of varying value so that those children who have worked the hardest might be rewarded appropriately.

Your local Christian bookstore or "dollar store" carries many items that can serve as rewards.
